In re Application of :
Charles A. Conrad :
Serial No.: 09/397,782 : PETITION DECISION
Filed: September 16, 1999 :
Attorney Docket No.: INGA,004/CIP :

This is in response to the renewed petition under 37 CFR 1.181, filed November 18, 2005, requesting withdrawal of abandonment based on timely filing of a reply.

A review of the file history shows that the examiner mailed a Final Office action to applicant on April 22, 2002, setting a three month shortened statutory period for reply. Upon failure to receive a reply the application was held abandoned by Notice of Abandonment mailed October 1, 2003. Applicant states that a reply was submitted on August 22, 2002, which included RCE papers, a request for a one month extension of time and a response to the Office action and all appropriate fees, and provide copies thereof with a properly executed Certificate of Mailing dated August 22, 2002. The Office appears to never have received these papers. Applicant also states that the Notice of Abandonment was never received due to failure to timely submit a change of address. It is noted also that applicant delayed over 15 months from the date of mailing of the Notice of Abandonment to the initial filing of this petition (apparently filed in December, 2004, but never received by the Office). The required Terminal Disclaimer has been filed and accepted. **The term of the patent disclaimed due to applicant's delay in filing a grantable petition is 40months.**

The petition is **GRANTED**. The application is restored to pending status with the mailing of this decision.

The application will be forwarded for conversion to IFW format and the RCE papers will be entered.
